

Department of Economics

Position:

n. 1 full professor, in accordance with law 240/2010 art. 18, paragraph 1, academic discipline SECS-P/08 ECONOMIA E GESTIONE DELLE IMPRESE (Management), academic recruitment field 13/B2.

Qualitative standards and further qualifying elements: High-quality multi-year research and teaching in the area of management are required, with a special focus on the investment and financing management techniques of small and medium-sized enterprises (SMEs) and the relations between the business system and the banking-financial system, preferably with coordination or responsibility roles in national and international research projects. Further qualification elements will be participation in national and international conferences as well as participation in third mission activities with particular reference to technology transfer.

Teaching duties: The candidate will teach courses in the topics of the academic discipline SECS-P/08 Management – and in affine sectors in “laurea” (first degree), master degree, as well as in PhD programs of the Department of Economics of the University of Molise and, subordinately, of other Departments of the University, also provided in English, with particular reference to the area of strategic and financial management, relating to companies producing goods and services, including newly established ones (startups). Furthermore, she/he will give assistance to students for the preparation of their “prova finale” (first degree final essay), master, and PhD thesis within the same courses. Finally, she/he will carry out student services including guidance and tutoring activities.

Research duties: The candidate will have to prove continuity in research, also to obtain a relevant position in the next VQR evaluations of the Department of Economics, promoting the lines of research pertaining to the business and management area. The candidate will be asked to prepare and submit projects aimed at obtaining competitive grants and to have an active and propositional role in the design and realization of departmental projects aimed at acquiring external financial resources for the Department of Economics.

Administrative duties: It is expected that the candidate will perform administrative tasks and take direction and coordination responsibilities within the study courses of the Department of Economics. If required, she/he will take part in the activities of the Commission for the State Examination for the qualification of the profession of “Dottore commercialista, Esperto contabile e Revisore legale” to be held at the University of Molise.

Max number of publications to be presented: 15.

Place of service: Department of Economics, University of Molise, Campobasso
